

Family Profile

Shannon Kelly and her son's Avery, Zachary and Mackenzie reside in Bozeman, MT. Shannon is a single parent who works a full time position at Bozeman Deaconess Hospital. Due to the high cost of living (including rent of \$570 monthly) and child care (over \$1,000.00 monthly); Shannon requires state Best Beginning Scholarships or child care assistance from Child Care Connections.

Shannon says: "The assistance program allows me the opportunity to work outside my home to help maintain my household. It also allows me the comfortable feeling of knowing my children are being taken care of each day by qualified personnel."
